

Christ the King Whole School Curriculum Overview 2024 – 2025

At Christ the King Catholic Primary School (CTK), Christ runs through the centre of our school. We follow Catholic Social Teaching, which is all about how we should treat each other and care for our world. It teaches us to love our neighbours and make the world a better place. There are seven Catholic Social Teaching Principles (CST). At CTK, leaders of different curriculum areas work together to make opportunities to link them to express the Catholic understanding of reality. Children can articulate the ways in which prayer and liturgy influence and are influenced by both the curriculum and the wider life of the school. Throughout this Curriculum Overview, you will see coloured links (key below) to the different Catholic Teaching Principles. Highlighted questions are ‘Get Us Thinking’ questions designed to support children to link their learning across various curriculum areas, to the teachings of the Church.

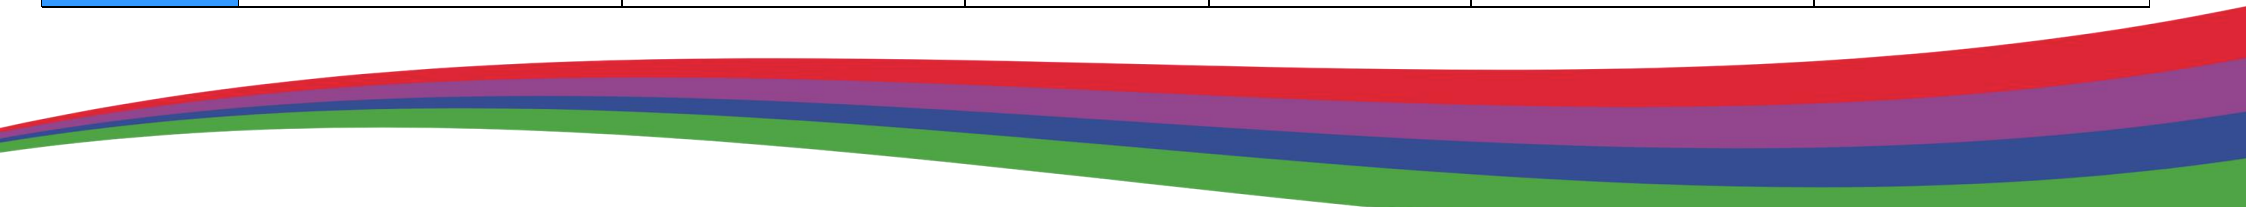

- **Stewardship of God’s Creation** - We need to take care of our world because it’s a gift from God. Protecting nature helps everyone.
- **Dignity of the Human Person** - Every person is special and important. We should always respect everyone’s dignity and value
- **Solidarity and the Common Good** - We are all connected and should stand together. When others are in trouble, we should support them.
- **Option for the Poor and Vulnerable** - We should care for people who are poor or need extra help. It’s important to help those who are struggling.
- **The Dignity of Work and the Rights of Workers** - Everyone should have fair work and be treated well at their jobs. Work is important and should respect each person’s dignity.
- **Rights and Responsibilities** - Everyone has rights, like being safe and having enough to eat. We also have responsibilities to help others and use our gifts wisely.
- **Family and Community** - We are all part of families and communities. We should help each other and work together
- **Get us thinking question**
