Stations of the Cross

During the season of Lent, the children will visit church on set dates to lead the readings for the stations of the cross. The Stations of the Cross is a form of prayer. Each of the 14 Stations retells part of Jesus' Passion (his suffering and death) through images and words. These Stations of the Cross introduce children to Jesus' Passion, breaking it down into stages that they can reflect upon and remember.

All services will be in church at 2:30pm

Friday 13th March

Class 1, Year 1, Year 3 and Year 5

Friday 20th March

Class 2, Year 2, Year 4 and Year 6

Well done to all the children in **Our Lady of Knock** who led the second week of Lenten Charities.

The children in Years 3–6 led an amazing array of stalls, creating a fabulous atmosphere of fun. All of the hard work raised £450 for charity.

A big thank you to all the children in EYFS and Key Stage 1 who donated delicious cakes for the day.

This week, the KS2 Lent Club have been busy creating some wonderful stained-glass window designs. The children have shown great creativity and focus, producing colourful artworks inspired by the themes of Lent.

On Tuesday 24th March, students from Cardinal Newman Catholic Secondary School will be joining our Year 3–6 children for the 2026 Charity Roadshow.

They are bringing lots of fun games and activities to help raise money for Father Hudson's / Caritas.

Instead of paying for each game, we are asking children to bring a £2 donation on Monday 23rd March. This will allow them to enjoy all the games as many times as they like, with plenty of prizes and sweets included.

Thank you for your continued support in helping us raise funds for such an important cause!

World Book Day

We had a wonderful World Book Day celebration this week, with children across the school exploring the theme "A Book That Resembles Me." Pupils enjoyed choosing stories that reflected something special about who they are—whether it was their interests, personality, culture, values, or dreams for the future. The children shared books that made them feel seen, inspired or celebrated, and it was fantastic to see the confidence and joy this brought to our classrooms. We hope you enjoy these photos capturing the day—full of smiles, creativity, and a real love of reading!

Author of the Month

This month, the children continue to explore books by a different children's author to help them discover new stories, characters and writing styles. Every class has access to a book, building excitement around reading and supporting rich discussions during story time. Thanks to our wonderful PTA, this also helps us continue growing vibrant class libraries!

We are delighted to introduce our **Weekly RE Showcase**, where each year group will share highlights of their Religious Education learning. From thoughtful reflections to creative work, we are incredibly proud of the children's **growing knowledge, understanding, and wonderful contributions**. Each week, we'll feature a different year group to celebrate their journey in faith and learning. Keep an eye out for inspiring displays of scripture, prayer, and how our pupils live out Gospel values in everyday life.

YEAR FOUR - OUR JOURNEY THROUGH LENT

Year 4 have been exploring the signs and symbols of the Rite of Baptism. We talked about our own baptism and compared it to the Baptism of Jesus.

We looked at Jesus being the **LIGHT** of the world and created some beautiful art work. We have used our Oracy skills to listen carefully, then responded thoughtfully articulating our ideas explaining and justifying our opinions.

As we entered the Season of Lent, we created our own Lenten promises. We are trying very hard to keep these promises as we reflect on the importance of self-discipline.

We have seen the links between Lent and Alms Giving which has been evidenced in our Lenten Charities activities, raising funds for others who are less fortunate than ourselves.

We researched the story of Jesus being Tempted in the Wilderness, we looked at the different Scripture passages from Matthew, Mark and Luke and used drama to explore themes of choices, self-control and staying true to our beliefs as Jesus displayed in the desert.

What Parents & Educators Need to Know about STREAMING SERVICES

Streaming services are platforms that allow users to watch cartoons, documentaries and movies online immediately (often referred to as SVoD: streaming videos on demand). Ofcom reported that children and young adults prefer streaming services to traditional TV. With two-thirds of UK households subscribing to at least one streaming service, parents must understand how to manage screen time, set age restrictions and ensure safe viewing.

WHAT ARE THE RISKS?

COSTLY
Subscription services can be costly. As the main source of entertainment, most households have at least one streaming platform, and each platform has its own monthly subscription fee. Services are charging more for ad-free viewing, and better quality and resolution however, there is a cheaper option with adverts. Due to price increases, Netflix and Disney+ reported a sharp increase in users subscribing to their ad-supported tier in 2023.

ILLEGAL STREAMING
Sharing passwords or using modified IP addresses to access streaming content without permission is illegal. Most streaming services have now put measures in place to detect account sharing. Where account sharing is identified, platforms will offer an opportunity to pay for an added member or ask the user to verify who they are.

AGE-INAPPROPRIATE CONTENT
Most streaming platforms allow users to set up a profile for each family member, with the option of putting specific restrictions in place. These include adding a profile lock or PIN, restricting the maturity of profiles and most episodes, and limiting content based on age ratings. Nonetheless, these restrictions aren't foolproof. Content which is rated as suitable for an age group may still include themes, language, or images which children and families find inappropriate.

EXCESSIVE SCREEN TIME
Excessive screen time contributes to sedentary behaviour and can negatively impact physical and mental health. Ofcom found that 41% of 15-year-olds averaged 2.9 hours per day across all video-sharing platforms, not including gaming. The vast range of content available, combined with features such as autoplay, makes it easy for children to watch for extended periods of time.

BINGE WATCHING
Features such as autoplay make it easy for viewers - especially young people - to continue watching episodes without a break. This can foster unhealthy and addictive patterns, such as consuming a vast amount of content in one sitting. With binge watching comes a lack of social interaction, lack of physical exercise, and often late nights and sleep disruptions which impact their mental and physical wellbeing.

HARMFUL STEREOTYPES
Many platforms track viewing habits, time consumed, and preferences, and generate recommendations to encourage your child to keep watching. This results in your child being in a 'loop' whereby they think the 'recommended' shows would be something they would enjoy rather than thinking critically for themselves. This can shape their beliefs, values, and understanding of the world from a young age without even realising it.

Advice for Parents & Educators

SET UP INDIVIDUAL PROFILES AND ADD PINS
Almost all streaming services allow users to set up individual profiles where each family member has age restrictions put in place for the content they can view. Adult profiles can be protected through the use of PINs. Keep this private. Use the options of putting specific restrictions in place such as controlling maturity of profiles and most episodes, and limiting content based on age ratings.

TALK ABOUT ALGORITHMS
Talk to your child about how streaming services track what they watch, and base adverts and recommended shows/movies on previous viewing. Encourage them to critically think about whether the recommendations are suitable and how they want to spend their time. Discuss stereotypes with your child and challenge them to think about what they watch and how this may influence their beliefs.

MONITOR AND TALK OFTEN
Discuss with your child what they are watching, find out which programmes are trending, and watch them yourself. Have a little look at their watch history to check the content of what they're watching. Some platforms have been known to recommend or autoplay older or graphic content after a child's movie has been played. While some of these or movies may have a suitable age rating, your child may still find the content scary, or it may explore themes you don't want to explore with your child yet.

SET TIME RESTRICTIONS
Many streaming services offer the opportunity to buy movies, or add additional features to your subscription such as sports channels, as well as play games. This can increase the amount of time young people spend sitting idly in front of the screen. Some platforms (e.g. Apple TV+) allow you to set time limits. If the streaming service doesn't allow you to set screen time limits, set a family rule and stick to it.

Meet Our Expert
Dr Claire Sutherland is an online safety consultant, educator, and researcher with her expertise in digital engagement and bullying and cyber safety policies for schools. She has written various academic papers and carried out research for the Australian Government, comparing internet use and online behaviour of young people in the UK, USA and Australia.

#WakeUpWednesday The National College

Streaming services have become the go-to entertainment choice for many families, with children often favouring on-demand platforms over traditional television. This edition explores the realities behind these services, from rising subscription costs and advert-supported tiers to the impact of autoplay and endless content libraries on young viewers' screen time and wellbeing.

It also highlights key safeguarding concerns, including age-inappropriate material, binge watching, algorithm-driven recommendations and phishing scams. With clear, practical advice for setting profiles, PINs and time limits - alongside tips for discussing algorithms and stereotypes - this guide supports parents and educators in promoting safer, healthier streaming habits.

Attendance - Reporting Absences

A polite reminder to all parents and carers: when informing the school of your child's absence, please include specific details of their symptoms if they are unwell. Messages such as "not well" or "feeling poorly" do not give us enough information to record the absence accurately.

Please ensure that all absences are reported before 9:00am by leaving a voicemail or emailing us at:

ctk_parentlink@hccmac.co.uk

Thank you for your cooperation in helping us keep our records clear and accurate.

Car Park Safety Reminder at WHR site

This week, a car entered the WHR car park through the exit gate while families were walking in and other vehicles were queuing to use the correct entrance.

Please ensure all drivers use the designated entrance at all times to keep our children and families safe.

Thank you for your cooperation.
