WEEKLY SCHOOL NEWSLETTER – Friday 22nd May 2026

## YEAR 6 FAMILY FAITH DAY

On Friday, Year 6 pupils and their families took part in a special Family Faith Day as part of their journey towards the Sacrament of Confirmation. It was a wonderful opportunity for children and their families to come together in reflection, prayer, and learning, deepening their understanding of Pentecost and the gifts of the Holy Spirit as well as their commitment to their faith.

Throughout the session, pupils engaged thoughtfully in activities that encouraged them to consider what Confirmation means in their lives and how they can continue to grow as active members of the Church.

We are very grateful to our families for their support and for sharing in this important stage of the children's faith journey.

## SCHOOL MASS

Children in Reception - Year 6 will attend whole school Mass on Tuesday 9th June at 9:30am. The readings will be led by children in Year 3 and Year 4.

### YEAR FIVE

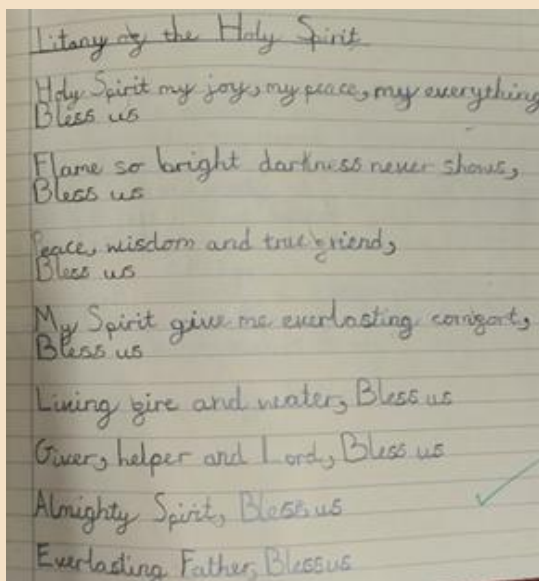

This half term, Year 5 have been exploring the theme of Pentecost and deepening their understanding of the Holy Spirit and the early Church. The children have learned that the Gospels proclaim Jesus as the fulfilment of God's promises, and that his death on the cross was an act of love that changed the world.

Building on this, they have been learning about the gift Jesus promised to his followers: the Holy Spirit.

The children have:

- Read and discussed what Jesus said about the coming of the Holy Spirit.
- Learned some of the titles Jesus used for the Holy Spirit—such as Helper, Advocate, and Spirit of Truth—and explored what these titles tell us about who the Holy Spirit is.
- Reflected on how the Holy Spirit guides, strengthens, and supports Christians today.

The children also studied the story of Pentecost, when the Holy Spirit came upon the disciples. The children thought about how this moment transformed the disciples from frightened followers into courageous witnesses, and how Pentecost marks the beginning of the life of the Church. They spent time imagining the thoughts and feelings of the disciples during this powerful event.

As part of their prayer learning, the children have been introduced to traditional prayers to the Holy Spirit, and they have begun writing their own prayers asking for guidance as they try to follow Jesus in their daily lives.

Throughout May, Year 5 has also been watching the One Life videos with Dan and Emily to celebrate Mary. The children have really enjoyed learning new songs and signing along with them.

With Pentecost Sunday approaching this weekend, the children are well prepared to recognise and celebrate its importance in the Church's year.

After half term, Year 5 will begin a new RE unit: The Work of the Apostles, where they will explore how the early followers of Jesus continued his mission through the power of the Holy Spirit.

### Parking

We kindly ask all parents and carers at the WHR site to park with care and consideration when dropping off and collecting children.

Please:

- Do not park or wait outside the club entrance, as this prevents traffic from moving safely around the car park.
- Avoid double parking or stopping where there are no marked parking bays, as this can cause congestion and safety concerns
- As a reminder, the car park is church property and not owned by the school. If no spaces are available, you must park on the surrounding streets.

At the SL site, please also be respectful and mindful of our neighbours by not parking over driveways, especially where a white line clearly indicates an entrance.

Thank you for your continued support in keeping our school community safe and respectful for everyone.

### What Parents & Educators Need to Know about YOUTUBE

Almost anyone with an internet connection knows about YouTube. The Google-owned platform allows users to upload and share videos globally, making it a readily accessible resource with free content on almost any topic. However, with over 20 million videos uploaded each day, not all material is suitable for younger audiences.

#### WHAT ARE THE RISKS?

- INAPPROPRIATE CONTENT**  
YouTube is free and can be accessed across multiple device types, even without an account. While some videos are marked as 'age restricted', this relies on uploader honesty and automated moderation, meaning children and young people may still encounter unsuitable content if these measures aren't taken.
- TRENDS AND CHALLENGES**  
Popular trends and challenges can be entertaining and widely shared. While many are harmless, some can be risky or harmful if copied. For example, the 'salt and ice challenge' has caused injuries when imitated.
- EXPOSURE TO EXTREME CONTENT**  
The platform's algorithm often promotes content that attracts high engagement, which can sometimes include videos containing extreme viewpoints, misinformation, or risky behaviour. As children and young people watch more of this content, similar videos are likely to be recommended by YouTube's algorithm, therefore reinforcing the exposure.
- CONNECTING WITH STRANGERS**  
YouTube includes social features such as comments and direct messaging. This means young users can interact with people they don't know, potentially exposing them to inappropriate language, cyberbullying, or unwanted contact. Young content creators may be especially vulnerable.
- SUGGESTED CONTENT**  
YouTube recommends videos based on what a user has previously watched. While this can enhance the experience, it may also encourage binge-watching and excessive screen time, particularly when Autoplay is enabled. Without an account, users are shown trending videos, which are not always age appropriate.
- SHORT-FORM CONTENT IMPACT**  
YouTube Shorts – short, fast-paced videos – are designed for continuous viewing. This style of content can be highly engaging but may also contribute to increased screen time and difficulties with maintaining focus over longer periods.

#### Advice for Parents & Educators

- CONSIDER YOUTUBE KIDS**  
YouTube Kids can help reduce young users' exposure to unsuitable content by filtering videos into age groups, such as preschool, younger, and older children. However, as moderation is automated, it should be used alongside active supervision.
- CHECK PRIVACY SETTINGS**  
If a child in your care uploads content, consider setting videos to private or unlisted so they are only shared with trusted viewers. Disabling comments can also help reduce unwanted interaction from strangers.
- USE PARENTAL CONTROLS**  
Google Family Link allows adults to filter content, monitor usage, and manage younger users' screen time. Supervised Accounts offer a gradual step up from YouTube Kids, enabling children to explore the platform with appropriate safeguards.
- WATCH TOGETHER**  
Spending time watching YouTube with the children and young people in your care can help you understand what they enjoy and guide your conversations about content. Tools like downtime in Family Link can also help limit unsupervised viewing.

YouTube continues to be a go-to platform for entertainment, learning and creativity, but its vast and largely unregulated content library presents ongoing challenges. This guide outlines how features like recommendations, Shorts and social interaction can shape young people's viewing habits, sometimes exposing them to inappropriate or extreme material.

It also explores key safeguarding concerns, including stranger interaction, risky trends and the limits of automated moderation. With practical advice on tools such as YouTube Kids, supervised accounts and parental controls, the guide supports parents and educators in encouraging safer, more balanced and informed use of the platform.
