WEEKLY SCHOOL NEWSLETTER – Friday 25th September 2026

CHANCE TO SHINE CRICKET

This week, children in Years 3 to 6 enjoyed a fantastic day of cricket, developing their skills, teamwork and sportsmanship whilst having lots of fun.

The children showed great enthusiasm throughout the day and were excellent ambassadors for our school.

A huge thank you to Mr Hadlum for organising this wonderful opportunity and creating such an enjoyable experience for all of the children.
Well done to everyone who took part!

SCHOOL MASS

All children will attend whole school Mass
Tuesday 6th October at 9:30am

The readings will be led by children in
Year 2 and Year 5

SUNDAY MASS

Sunday 27th September at 9am

Readings will be led by children
in Year 6

Children in Years 2 – 6 are welcome
to join staff in the choir loft.

OUR MISSION THIS WEEK

E-ON NET ZERO WORKSHOP

On Friday, Year 5 and Year 6 took part in engaging and interactive workshops delivered by the E.ON Next Net Zero Academy. Through hands-on activities, pupils explored renewable energy and sustainability, developing their understanding of how we can all play a role in protecting our environment and creating a more sustainable future. The sessions provided an exciting opportunity for children to learn about renewable energy sources, including wind power, while encouraging them to think about the positive changes they can make in their own lives and communities.

A huge thank you to Mrs Nicol for organising this fantastic opportunity for our pupils and to our Governor, Mr Farr who came to support. Experiences such as these help to bring learning to life and inspire children to become responsible global citizens.

Happy Birthday to

10 MINUTES READING = A DAY =

At Christ the King, we believe that reading is a superpower!
We ask all families to read with their child for at least
10 minutes a day, at least 4 times a week.

The Impact of 10 Minutes a Day

Feel calm and relaxed

Reading helps your child unwind and boosts their mood.

Improves memory, focus and concentration

Regular reading strengthens the brain and helps your child pay attention for longer.

Builds confidence and self-esteem

Children who read regularly feel more capable, express themselves better and believe in their abilities.

Develops vocabulary

Expands their word bank and helps them understand and express themselves more effectively.

Teaches empathy

Reading helps children understand different people, places and situations, and see the world from other perspectives.

Improves academic progress

Better reading skills lead to stronger performance across all subjects.

Reading at home is the
SINGLE BIGGEST PREDICTOR
of a child's future life chances.

Thank you for supporting your child's reading journey. Together we can make a difference!

Dear Parents/Carers,

PRAYER SERVICES AND FAMILY FAITH DAYS

Following the positive feedback, we are delighted to be able to continue offering Family Faith Days and Class Prayer Services this year.

Prayer Services: Each class will prepare and lead a prayer service which parents/carers will be invited to. These will be held in classrooms for an intimate window into prayer and liturgy at Christ the King Catholic Primary School. Prayer Services will begin at 9:00 and will last between 20-30 minutes. We ask that only one parent/carer attends per child due to space restraints in our classrooms.

Family Faith Days: Each year group will gather together in the school hall, where parents/carers will be invited to learn alongside their children. Each year group will spend a short time learning a little bit of information around a certain area of our faith or liturgical season, they will then work with their parents/carers to complete a craft activity linked to the learning. Family Faith Days will begin at 9:00am and finish at approximately 10am. We ask that only one parent/carer attends per child. We can't wait to share these fantastic experiences with you all!

What Parents & Educators Need to Know about DISCORD

launched in 2015, and with over 90 million daily active users, Discord has become one of the main ways gamers communicate – with text, voice, and video chat helping people connect around shared interests. For many young people, Discord can be a useful way to talk with friends, join communities, and explore hobbies. However, like any online platform built around communication, it also carries risks around strangers, inappropriate content, spending money, and time spent online. This guide looks at what parents and educators need to know.

AGE RESTRICTION 13+ (with a 17+ app rating on app stores)

WHAT ARE THE RISKS?

A CHANNEL FOR EVERYTHING
While Discord is strongly associated with video games, it also hosts communities for almost anything you can imagine, such as books, music, influences, cooking and sport. Some large servers focus on popular games like Minecraft or Fortnite, but many are private, invite-only spaces where friends or communities with shared interests can chat across phones, computers, and gaming consoles.

REAL-LIFE DISTRACTION
Like many social platforms, Discord can become a real time-sink. Although it does not rely on endless scrolling in the same way as some apps, constant messages, group chats, and voice channels can keep young people engaged for long periods, especially in larger servers. As Discord is closely linked to gaming, it may also increase the time they spend playing games.

STRANGER DANGER
Users can choose to stay within private servers with only people they know, but joining public servers will most likely bring them into contact with strangers. Many users are just friendly enthusiasts, yet others could have harmful intentions, including grooming, extortion, or radicalisation. In these types of environments, anyone can claim to be another teenager, which can make it harder for young people to judge who is safe to talk to.

A HARASSMENT RISK
There is also a risk from people a young person already knows in the real world. Bullying in the real world can continue online, and Discord servers can make this feel more intimidating, especially if someone uses anonymous or multiple accounts to carry out threatening behaviours. Because Discord works across computers, phones, and gaming consoles, unwanted contact can follow young people into online spaces that should feel safe and private.

INAPPROPRIATE CONTENT
This huge amount of choice can help young people "find their tribe", especially when they have niche interests. However, because users can create servers around almost any topic, younger users may still encounter unsuitable or distressing content. Even in spaces linked to child-friendly games, Discord cannot directly control every conversation, image, or video shared by other users.

A MONEY DRAIN
Discord is free to use, but users can still spend real-world money on it. This may include Discord "Nitro", a monthly subscription that unlocks customisation features and larger media uploads, or purchases through the "Shop" for profile cosmetics and game-related items. Small purchases can add up quickly, especially if spending controls are not in place.

Advice for Parents & Educators

USE FAMILY CENTRE
Parents and carers should make use of Discord's 'Family Centre', which gives an overview of a younger user's activity while respecting their privacy. Messages are not shared, but adults can view an activity feed and receive weekly email summaries. Discord says this is designed to support conversations about online behaviour, rather than be about constant monitoring.

CHECK, TALK, REPORT
Review Discord's privacy settings together, including who can send them friend requests or private messages. Use this as a chance to talk to them about strangers, privacy, and personal information, making sure young people know to question suspicious behaviour, such as requests to keep conversations secret. Show them how to block and report these kinds of users and reassure them that asking for help will not get them into trouble.

MANAGE TIME ONLINE
Agree clear expectations around when and how Discord can be used, especially during homework, bedtime, and family time. Encourage young people to turn off unnecessary notifications and leave servers that feel overwhelming. If Discord is mainly used alongside gaming, discuss healthy limits for both activities so that schoolwork, sleep, and offline friendships are not affected.

REVIEW SPENDING CONTROLS
Talk openly about paid features such as Discord Nitro, profile cosmetics, and in-game purchases. Make sure the young people in your care understand that digital items still cost real money. Check payment settings on the device they use, avoid storing card details where possible, and consider adding approval requirements for purchases, particularly for younger or more impulsive users.

Discord is a hugely popular communication platform where young people can chat, play games and join communities built around shared interests. This WakeUpWednesday guide explores some of the risks that can come with using it, including contact with strangers, inappropriate content, harassment and the potential for gaming and socialising to become a distraction from everyday life.

The guide also offers practical advice for parents and educators, from using Discord's Family Centre and checking privacy settings to talking openly about suspicious behaviour and reviewing spending controls. It also encourages families to agree on clear expectations around screen time, helping young people enjoy the platform while making safer and more informed choices online.

Attendance – Reporting Absences

A polite reminder to all parents and carers: when informing the school of your child's absence, please include specific details of their symptoms if they are unwell. Messages such as "not well" or "feeling poorly" do not give us enough information to record the absence accurately.

Please ensure that all absences are reported before 9:00am by leaving a voicemail or emailing us at:

ctk_parentlink@hccmac.co.uk

Thank you for your cooperation in helping us keep our records clear and accurate.
