WEEKLY SCHOOL NEWSLETTER – Friday 31 March 2023

CONTINUING OUR LENTEN JOURNEY

To mark the end of the spring term, the children have been busy making beautiful Easter cards to share with the school community.
The children loved posting the Easter Cards to our neighbours.

It is hard to believe how fast the school year is going and that today marks the end of the spring term.

We have lots of fun and exciting things planned for the summer term such as Girls football week, Science week, Multi-Cultural week and a CTK Sports festival week as well as more class assemblies and year group performances.

Thank you for your continued support this term. We hope you all have an enjoyable break over Easter and we look forward to welcoming everyone back on Monday 17th April.

OUR MISSION THIS WEEK

Lazarus

Mission

When Jesus saw that his friends were unhappy, he cried with them

If you find that you are sad or upset at any point this week, go to Jesus in prayer.

Jesus does not leave us when we are sad, he is right there by our side.

CARDINAL NEWMAN CHARITY ROADSHOW

On Wednesday, pupils from Cardinal Newman visited CTK to lead a number of stalls for their Charity Roadshow. CTK children loved having a go on all of the stalls, especially hook and duck and the tin cans.

Thank you to everyone who donated £1 towards the charity event.

CHAPLAINCY TEAM

This week the Chaplaincy Team were very busy. They visited different year groups to lead a beautiful prayer service focusing on the season of Lent. Thank you to Mrs Thompson for your continued support with the Chaplaincy Team

YEAR 2 DANCE SHOW

On Thursday Year 2 showed off their dance moves to their family with the help of Ricky Brown. The children were so excited to perform some of their favourite dances. Thank you to all of the parents and grandparents who joined in the fun too, we now know where the children get their moves from!

Easter Garden

As part of our Easter preparations, we are asking the children to create their own Easter Gardens.

This will be on a voluntary basis and should be completed at home.

For the children who have made an Easter Garden, they will all be on show for the rest of the school to admire.

Father Tom will also judge the Garden entries and prizes will be awarded to the child/family.

Once again, this is a voluntary activity and can be completed by an individual child or family.

Gardens should be in school by Monday 17 April 2023.

EASTER HOLIDAY PROJECT

The Seven Wonders of the World (or the Seven Wonders of the Ancient World) is a widely-known list of seven great buildings or structures from the classical time period.

CTK want to create a; 'Seven Wonders of Coventry: Local History Project'

The big picture of history is vitally important, but it is worthwhile to remember that the major events we learn about were made up of individuals, families, locals and communities that all played their part in shaping history. Local history reflects the reality that our lives are shaped by particular places and that our physical place in the world is a major determinant to how our lives are lived.

Over Easter we are asking pupils to create a poster, information leaflet or tourist guide for their favourite place of importance to the History of Coventry. Anyone taking part will receive an award and winners of the most interesting suggestions will receive a small prize.

There will be opportunities to show their work and displays created on both school sites.

Ideas could include:

- Christ the King School and Church - When was the church built? (wood/brick)
- Who have the priests been?
- When did the school open? How has it changed?
- Memorial Park
- Lady Godiva story and statue
- Watch making around Spon Street, Bicycle / car factories, our History of Silk weaving (https://www.theherbert.org/collections/social_and_industrial_history/16/silk_ribbon_weaving)
- The Coventry Cathedral (Before the bombing – old cathedral build when/why/by whom? Rebuilding, new cathedral. Famous visitors? Community use? Cross of nails/ twinned cities),
- St Mary's Guildhall,
- Charterhouse,
- Coombe Abbey... the list is endless!
- Have fun exploring your city!

SAFEGUARDING AT CTK!

YouTube is a video-sharing social media platform that allows billions of people around the world to watch, share and upload their own videos with a vast range of content – including sport, entertainment, education and lots more. It's a superb space for people to consume content that they're interested in. As a result, this astronomically popular platform has had a huge social impact: influencing online culture on a global scale and creating new celebrities.

In the guide, you'll find tips on avoiding potential risks such as connecting with strangers, inappropriate content and high visibility.

What Parents & Carers Need to Know about YOUTUBE

YouTube is a video-sharing social media platform that allows billions of people around the world to watch, share and upload their own videos with a vast range of content – including sport, entertainment, education and lots more. It's a superb space for people to consume content that they're interested in. As a result, this astronomically popular platform has had a huge social impact: influencing online culture on a global scale and creating new celebrities.

INAPPROPRIATE CONTENT

YouTube is free and can be accessed via numerous devices, even without creating a YouTube account. Some content is flagged as 'age-restricted' (requiring the user to be logged into an account with a verified age of 18), but children can still view some mildly inappropriate material. This can include profanity and violence, which some young users may find upsetting.

CONNECT WITH STRANGERS

YouTube is a social media platform, which allows people to interact with other (usually unknown) users. Account holders can leave comments on any video they have access to, as well as messaging other users directly. Connecting with strangers online, of course, can potentially lead to children being exposed to adult language, to cyberbullying and even to encountering online predators.

SUGGESTED CONTENT

YouTube recommends videos related to what the user has previously watched on their account, aiming to provide content that will interest them. This is intended to be helpful but can also lead to binge-watching and the risk of screen addiction, especially if 'auto-play' is activated. Users without an account are shown popular videos from the last 24 hours, which might not always be suitable for children.

HIGH VISIBILITY

Content creators can also be put at risk – especially young ones who try to make their online presence as visible as possible. Creating and uploading content exposes children to potential harassment and toxicity from the comments section, along with the possibility of direct messaging from strangers. Videos posted publicly can be watched by anyone in the world.

TRENDS AND CHALLENGES

YouTube is teeming with trends, challenges and memes that are fun to watch and join in with. Children often find these immensely entertaining and might want to try them out. Most challenges tend to be safe, but many others may harm children through either watching or copying. The painful 'salt and ice challenge', which can cause injuries very quickly, is just one of many such examples.

SNEAKY SCAMMERS

Popular YouTube channels regularly have scammers posing as a well-known influencer in the comments section, attempting to lure users into clicking on their phishing links. Scammers impersonate YouTube by adopting their names and profile images, and sometimes offer cash gifts or 'get rich quick' schemes. Children may not realise that these users are not who they claim to be.

Advice for Parents & Carers

APPLY RESTRICTED MODE

Restricted Mode is an optional setting that prevents YouTube from showing inappropriate content (such as drug and alcohol abuse, graphic violence and sexual situations) to underage viewers. To prevent your child from chancing across age-inappropriate content on the platform, we would recommend enabling Restricted Mode on each device that your child user to access YouTube.

TRY GOOGLE FAMILY

Creating a Google Family account allows you to monitor what your child is watching, uploading and sharing with other users. It will also display their recently watched videos, searches and recommended videos. In general, a Google Family account gives you an oversight of how your child is using sites like YouTube and helps you ensure they are only accessing appropriate content.

CHECK OTHER PLATFORMS

Influential content creators usually have other social media accounts which they encourage their fans to follow. Having an open discussion about this with your child makes it easier to find out how else they might be following a particular creator online. It also opens up avenues for you to check out that creator's other channels to see what type of content your child is being exposed to.

MONITOR ENGAGEMENT

YouTube is the online viewing platform of choice for billions of people, many of them children. Younger children will watch different content to older ones, of course, and react to content differently. You may want to keep an eye on how your child interacts with content on YouTube – and, if applicable, with content creators – to understand the types of videos they are interested in.

CHECK PRIVACY SETTINGS

YouTube gives users the option of uploading videos as 'private' or 'unlisted' – so they could be shared exclusively with family and friends, for example. Comments on videos can also be disabled and channels that your child is subscribed to can be hidden. If your child is only uploading videos that are protected as 'private', they are far less likely to receive direct messages from strangers.

LIMIT SPENDING

Although YouTube is free, it does offer some in-app purchases: users can rent and buy TV shows and movies to watch, for example. If you're not comfortable with your child purchasing content online, limit their access to your bank cards and online payment methods. Many parents have discovered to their cost that a child happily devouring a paid-for series quickly leads to an unexpected bill!
