Today, all pupils took part in the May Procession around school, which was led by our wonderful Year 5 Chaplaincy Team. The children started by gathering together in a moment of prayer. ECO Update

We have had a very busy half-term here at Christ the King. Our Heroes began with a very successful 'World Earth Day' where we engaged in tasks such as learning about 'Great Women Who Saved the Planet', planted seeds and wrote Eco Pledges.

We have also been very busy developing our school gardening area. We now have lots of things growing including tomatoes, beans, sweetcorn and potatoes. We are encouraging birds with our bird feeders and have planted wildflowers to encourage bees, insects and butterflies.

In addition, we are working hard to reduce our waste as a school over the last half term. Three large black bags of crisp packets, two large boxes of pens as well as lots of batteries have been saved from landfill. Small steps can lead to a big change. This weeks focus – Open conversations

This guide provides some expert tips on helping children feel able to talk frankly and honestly.

1 CREATE A SAFE SPACE

Criticism, blaming or shaming can all prevent children from feeling emotionally safe – while showing affection, positive attention and an interest in what a child has to say builds their sense of security. These formative years are when children's opinions and values begin to take shape, so it's important to provide a non-judgmental environment in which to discuss them – especially if their opinions differ from your own.

2 CONSIDER OTHER OUTLETS

Some children may find it easier to talk while they're participating in another activity such as drawing, writing, walking or sport. If it's possible, taking part in these activities together presents you with an opportunity to communicate while doing something side by side. A child may feel less pressure that way and can be more inclined to open up of their own accord.

3 NORMALISE CHATS ABOUT FEELINGS

Incorporate mental health and emotional wellbeing into everyday conversations, using age-appropriate language and examples to help children understand their emotions. Ask questions like "How are you feeling today?", "What was the best and worst part of your day?", "If you could start today again, what would you do differently?" and "Is there anything you want to talk about?"
